DROSPECTUS OF THE NEW LIBRARY
OF LAW AND EQUITY, under the direction of Francis J. Troubat, esq., of Philadelphiasher.

Hon. Ellis Lewis, of Lancaster; and Wilson McCandless, esq., of Pittsburgh.

This work contains the best productions of English law authors, without regard to priority of claim on the part of any American publisher. Such books are now notoriously too dear. The reason is, that as fast as they appear, they become monopolies in the hands of booksellers in the Atlantic cities. Under the plea of right, acquired by the addition of notes of American decisions, the latter claim an undivided title to those works, and set a burdensome price on them. The publishers of the work now offered to the profession throughout the Union, will not respect such titles, but will reprint the standard British law books as fast as they emanate from the London market. Should new editions of the work of auch writers as Statkie, the Chittys, Stephen, and Archbold, appear, they shall also be included; and digests of equity and law decisions—works which have been studiously kept out of the Law place in the proposed new one, together with every new valuable English treatise on chancery or common law.

This work will be issued monthly, in numbers of 160 pages, printed on fine white paper, and good new long primer type, at seven dollars per annum, payable half yearly.

Beckwith's anti-dyspeptic Pills
have been most successfully employed in almost every variety of functional disorder of the stomach, bowels, liver, and spleen; such as heartburn, acid eructations, nausea, headache, pain and distension of the stomach and bowels, incipient diarrhez, colici, jaundice, flaulency, habitual coattreness, loss of appetite, sick headache, sea-sickness, &c., &c. They are a safe and comfortable aperient for females during pregnancy and subsequent confidement; relieving sickness at the stomach, headache, heartburn and many of the incidental nervous affections. Literary men, atudents, and most other persons of sedentary habits, find them very convenient. Those who indulge too freely in the pleasures of the table find speedy relief from the sense of oppression and distension which follow, by taking the pills. As a dinner pill, they are invaluable. Those who are drinking momeral waters, and particularly those from southern climates, ague and fever districts, will find them a valuable adjunct. Those who are exposed to the vicissitudes of weather on voyages or journeys, can take them at all times with perfect affety. In full doses they are a highly efficacions and safe antibilious medicine. They seldom or never produce sickness at the stomach or griping.

There have been many imitations and worthless counterfects of these pills put in circulation by unprincipled and ignorant persons—the directions, wrappers, &c., of the genume pills so closely and accurately copied, that the closest observer could not, without a trial of their effects, distinguish between them.

GREAT ENGLISH REMEDY

GREAT ENGLISH REMEDY

For Coughs, Colds, Asthma, and Consumption!

THE great and only remedy for Colds, Coughs,
Asthma, and Consumption, is the Hungarian
Balsam of Life, discovered by the celebrated Dr.
Buchan of London, England, and introduced into
the United States under the immediate superintendence of the inventor.

The extraordinary success of this medicine in the
curse of pulmonary diseases, warrants the American
agent in soliciting for treatment the WORST POSSIBLE CASES that can be found in the community; cases that seek relief in vain from any of the
common remedies of the day, and have been given
up by the most distinguished physicians as confirmed and incurable. The Hungarian Balsam has
cured, and will cure, the most desperate of cases.
It is no quack nostrum, but a standard English
medicine, of known and established efficacy.

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not
only to counteract the consumptive tendencies of
the climate, but to be used as a preventive medicin
in all cases of Colds, Coughs, Spitting of Blood,
Pain in the Side and Cheat, Irritation and Soreness
of the Lungs, Bronchuts, Difficulty of Breathing,
Heetic Fever, Night Sweats, Emaciation and General Debdity, Asthma, Influenza, Hooping-Cough,
and Croup.

Tarbold in large bottles at \$1 per bottle, with full
directions for the restoration of health.

Pamphleta, containing a mass of English and
American certificates, and other evidence, showing
the unequalled merits of this great English remedy,
